The Office of Small and Disadvantaged Business Utilization (OSDBU) will be hosting the Associate Deputy Administrator's meeting with members of the small business community on November 6 from 10am until 12 noon. This meeting between EPA's Associate Deputy Administrator, EPA senior managers, small businesses and national trade associations representing small businesses, has been held annually since 2002 and provides an opportunity for open and frank communication. See attached document for additional information.

For this coming meeting, OSDBU has sent an electronic notice to a group of small businesses and small business national trade associations to solicit key environmental topics of interest (due date Oct 9). As soon as OSDBU receives the topics, OSDBU staff will work with the appropriate offices to obtain corresponding fact sheets, if necessary.

A future internal pre-brief will be scheduled for all internal participants. Should you have any questions after reading the background document, please do not hesitate to contact the Agency's

	Small Business Ombudsman Joan B. Rogers (202 564-6568; rogers.joanb@epa.gov <mailto:rogers.joanb@epa.gov> ).

Subject: Exit Conference with GAO (Job Code 102673)

Good afternoon. I'm writing to set up our Exit Conference for job code 102673: EPA's Chemical Management Strategies (focusing on the IRIS Program and TSCA implementation).

We have a lot of EPA officials that we have met with over the course of this engagement. Because of this, we would like two, one hour meetings – one on IRIS and one on TSCA; both held via conference call. We think this is the best use of everyone's time.

We are free:

Wednesday, October 31: 2-5 (IRIS Meeting only)

Monday, November 5: 12 – 1:30 and 4-5 (IRIS and/or TSCA)

Tuesday, November 6: 10-11:00 and 2-5 (IRIS and/or TSCA)

Key staff we have worked with (please invite those who would benefit from this meeting) IRIS Staff: Jennifer Orme-Zavaleta, Tina Bahadori, Kris Thayer, James Avery, any other relevant staff

TSCA Staff: Nancy Beck, Jeff Morris, Mark Hartman, Mike Burns, any other relevant staff

Let me know if you have any questions. As we've mentioned, we're under tight internal timeframes so we need to get these meetings scheduled ASAP.

Thanks!

Summer

I wanted to get a date on the calendar for what is evolving into a biannual Women in Energy (WinE) Happy Hour. All are welcome, so feel free to forward this invitation.

A few disclaimers....

- \* If you should have been on MY list and got this through a forwarded message from someone else, forgive me! I'm simply relying on past invitation lists and have not individually scrutinized the names.
- \* Details will follow closer to the date.
- \* Feel free to suggest locations that will accommodate the group (leg work on your part appreciated).
- \* This is not a Hess sponsored event.
- \* No one is being invited to this event in any official capacity; just a bunch of friends that have known each other over the years getting together.

Tate, et al. –

A number of my state farm bureaus have asked me if it would be possible to get EPA on a conference call with them to answer questions about the new dicamba label. Any chance we might be able to do that? Am happy to host with our conference line.

If you guys would be available, let me know and I'll work on things at my end.

Thanks for considering this.

Subject: EPA/ENRD TSCA training -- New Chemicals

When: Thursday, November 29, 2018 2:00 PM-3:30 PM (UTC-05:00)

Eastern Time (US & Canada).

Where: Room 8000 Patrick Henry Building, 6th and D St, NW, or teleconference (see dial-in information below)

All –

Our colleagues in EPA have graciously offered to come to our office to provide us with training in anticipation of upcoming challenges to actions taken pursuant to the 2016 TSCA amendments.

The first session will be from 2-3:30 pm on Thursday, 11/29, in PHB 8000. (b) (5)

We are also planning a second session on existing chemicals, which will be scheduled soon, probably sometime in December.

I am starting this invite with EDS managers and EDS staff attorneys who are currently handling TSCA matters, but I will also reach out to other EDS attorneys who may be interested. I am also including Justin Smith (LPS) and Jennifer Neumann (Appellate), in case anyone in your offices might be interested. My one request is that anyone who is planning to come in person please RSVP to this invite so we know how many people to plan for logistically.

I will also open up a conference line if anyone wants to listen in by phone at (b) (6), code (b) (6). We are also going to look into whether we can record all or part of this for future reference by people who can't make it in person or on the phone.

EPA folks – thanks again for setting this up, and feel free to pass this invitation on to others at the agency. Also, I'd appreciate it if you would send me a list of likely in-person EPA attendees a couple days in advance that we can provide to our security staff to help with building access.

Thanks.

Specifically, we met with Rick to inquire about engagement on the advancements EPA and the Services have made for ESA biological evaluations / consultation since the last public workshop in 2016, and to request establishment of forums for stakeholder engagement to continue work on the ESA assessment. Given that the last public workshop on these topics happened some time ago, we believe EPA should open channels for stakeholder engagement on topics such as:

- Streamline and modernize FIFRA and ESA risk assessment to make it more realistic and defensible;
- Work with EPA/OPP to make changes to deliver a simpler more workable assessment;
- After the initial requested public workshop, continue updates from EPA on progress it is making in its work (again, it's been a while since we have heard on the progress in this space, & more regularity would be helpful);
- Mechanisms for engagement, as it relates to work that EPA is engaging and in which industry is expending resources. Mechanisms need to include ability to withstand time and political change (e.g., have substance & structure), resource commitment to problem solving, focus and public engagement, as appropriate.

The group will include science, technical and policy experts from our member companies- likely 4-6 of us in attendance.
